

EVANS MODEL 0138

POST FORMER

SEMI-AUTOMATIC POST
FORMING MACHINE
PROVEN A PERFECT FIT
AROUND THE WORLD, IN ALL
SIZE OPERATIONS!

The 0138 ALL FORM is designed for the custom manufacturer doing doors, drawer Fronts, desk tops, custom furniture, bar tops, service counters or any type of work that requires postforming. You can wrap any type of postform laminate or vertical grade laminate in a 90 degree, 180 degree or full 360 degree over all types of radius. The Model 0138 All Form is a new, exclusive forming machine which is capable of wrapping 90, 180, or the bank edge without set-up. The unique heated platen maintains pressure against the radius continuously throughout the forming process. The 0138 allows you the freedom to use either contact adhesive or white glue (PVA). Evans Machinery also builds this model in a 12" version, Model 0132 as well as other post forming equipment.
